```
Class manager extends Employee
    private Employee assistant;
    Public void setassistant (Employee assistant)
  { this assistant = assistant; }
    @Override
    public String getDetails() {
        String Details = super.getdetails();
        if (assistant != null) {
            detail += " , trolly: " + assistant.getDe
        }
        return detail;
    }
}
```
